

● ORACLE NETSUITE CONSULTING

Cost Optimization Experts.

S4 Consulting helps enterprises modernize with Oracle NetSuite and the **S4 eSuite** ecosystem - extending ERP capabilities **without added user license costs**, improving operations, and **reducing annual ERP expenses**.

VAS/IFRS Advisory

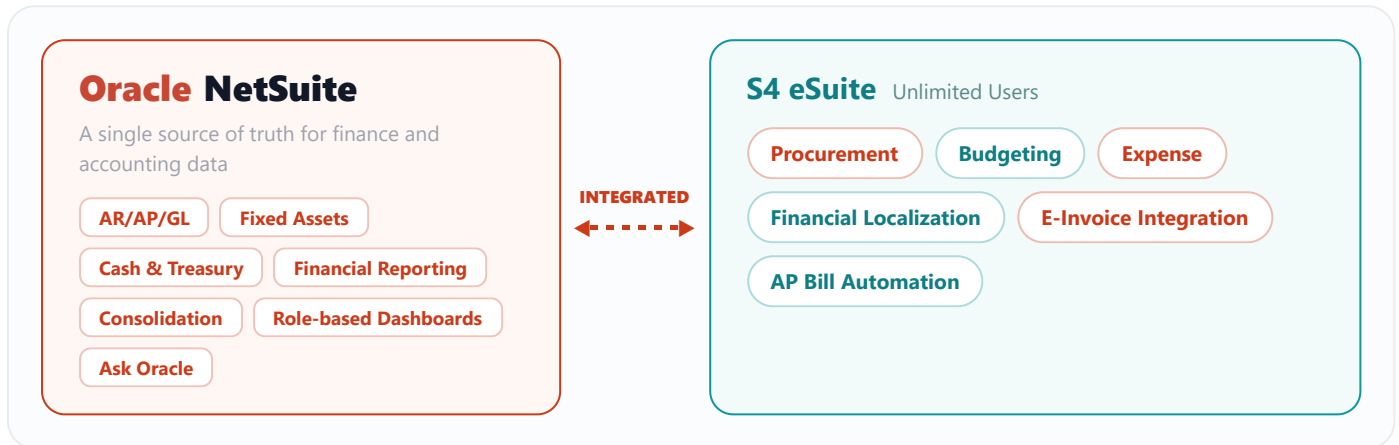

eSuite lowers NetSuite user license costs

System Integration Experts

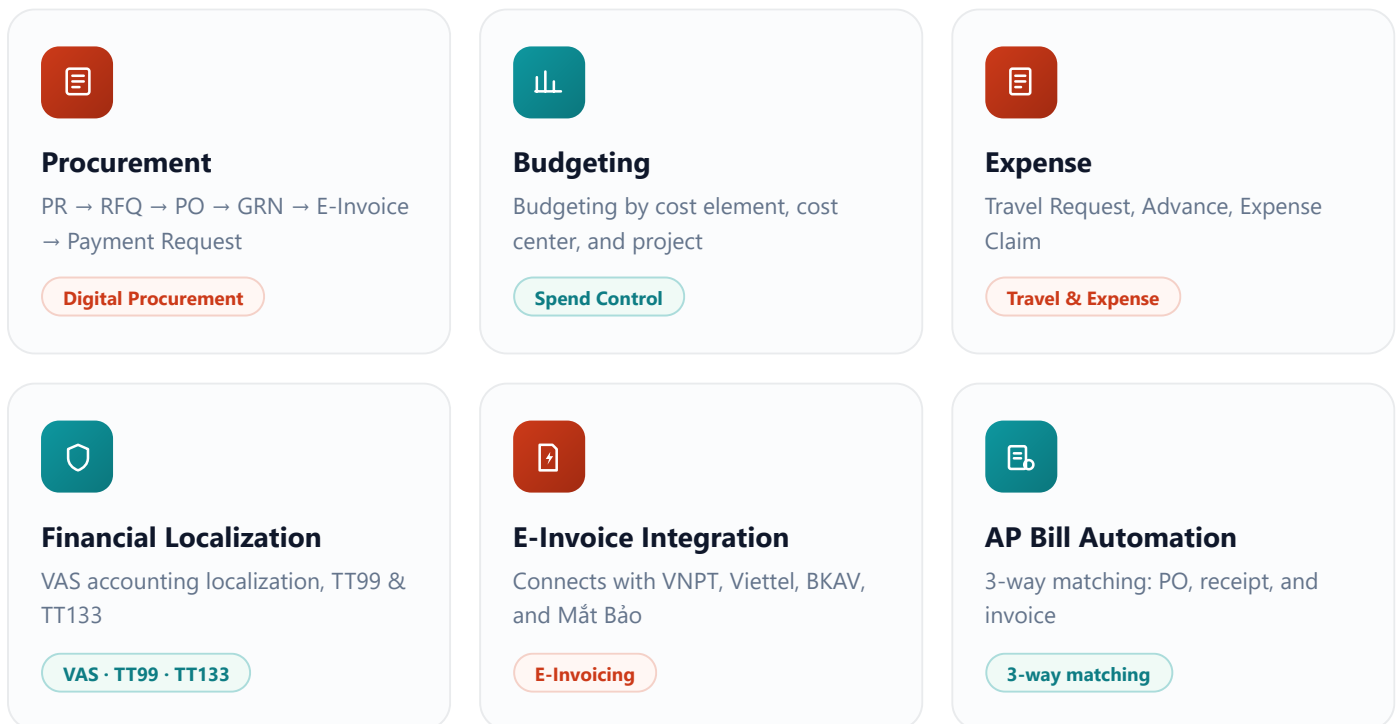

COMPLETE SOLUTION

Oracle NetSuite+E: Cost-Optimized Global ERP.

Oracle NetSuite is the core engine for global finance and accounting. S4 eSuite extends business functions through pre-integrated S4 applications without added user license costs.

S4 ESUITE MODULE DETAILS

"S4 Consulting took over the project with true professionalism. The team reviewed our NetSuite–Salesforce integration, provided sound financial guidance, and localized the accounting system for Circular 200 compliance. I value their commitment and cost-effective approach."

Ms. Thea
Operations Director, TCL Logistic

● FAST, COST-SAVING METHODOLOGY

Thorough Preparation - Dedicated Implementation

S4's approach reduces business risk, shortens timelines, and controls go-live costs.

3-STEP PROCESS

01

Deep discovery backed by real experience

Identify process gaps and overlooked edge cases early.

02

Data standardization from week one

Standardize inventory, AR/AP, and master data from the start.

03

Go-live simulation with real scenarios

Rehearse launch-day scenarios to reduce risk before cutover.

CORE VALUES

VAS/IFRS Advisory

ACCA-certified experts support finance and accounting standardization.

eSuite lowers NetSuite user license costs

Extend business functions without added license costs.

System Integration Experts

Proven experience with complex integrations, low-code/no-code platforms, and data reconciliation.

S4 Consulting Team

MORE CLIENTS TRUST S4

Ms. Hiếu Trần

COO, An Nhiên Cafe

"S4 Consulting truly understands the F&B industry. Their practical advice helped us tighten raw material cost control and optimize operating expenses."

Ms. Bùi Thị Hồng Nhung

Project Director & Deputy Finance Director, SSI Securities

"S4 did not act like an outside consultant. They worked as part of our project team and gave us confidence throughout the ERP selection process."

"The S4 team showed professionalism and dedication throughout the project. Even in a complex manufacturing environment, they explained every detail clearly and supported each user with care. We felt a true partnership, not just a client-vendor relationship."

Mr. Tommy

CEO, ActLife Vietnam
